2022

FAST Rescue Solutions is dedicated to developing innovative products and training solutions that meet the constantly evolving challenges encountered by first responders. Our mission is to develop products and training that surpass currently accepted industry standards and that meet the operational challenges of the real world.

Our team of Subject Matter Experts bring over a century of combined experience in firefighting, RIT, technical rescue, law enforcement (including SWAT, Mobile Field Force, and bike patrol), and training Military Units.

Our vision is to revolutionize rescue and save lives!

FAST Board Lighted System

\$450* - \$2,700

When seconds count, the need to pinpoint your cadre, your patients, and your equipment is obvious. With the addition of our new lighted system the FAST Board becomes a beacon for rescuers engaged in *"Saving Our Own, FAST."*

This fully integrated system features internally mounted white LED lighting and a rechargeable battery pack which provides approximately 1.5 hours of illumination.

Board available in Orange, Sand

Limited Edition colors available while supplies last - see our website for details.

*The FAST Board Lighted System may be purchased along with, or retro-fitted to any existing FAST Board (contact us for retro-fit details).

FAST CARES

GIVING BACK TO THOSE WHO GIVE THEIR ALL

When the unthinkable happens, first responders are there. Fires, accidents, natural disasters, terrorism: No matter the emergency, these men and women put their lives on the line without hesitation to help others. It's their mission.

At FAST Rescue Solutions, our mission is to develop superior products and training that address the real-world operational challenges that first responders face every day. But first responders need more than exceptional products; they need our support.

That's why FAST Rescue Solutions established the FAST Cares program. A portion of the proceeds from the sale of select, specially colored boards will be donated to a corresponding charity that supports first responders. Together, we can give back to those who give their all.

Thank you for your continued support!

Next Rung - nextrung.org

Mental health issues and an alarming number of suicides have become a major problem among First Responders. Next Rung helps combat mental health issues among Firefighters and First Responders, serving as a beacon of hope during the difficult times that many of us face.

Breast Cancer Research Foundation - bcrcf.org

The Breast Cancer Research Foundation is a non-profit dedicated to ending breast cancer by advancing the world's most promising research to fuel advances in tumor biology, genetics, prevention, treatment, metastasis, and survivorship.

Firehouse Subs Public Safety Foundation - firehousesubsfoundation.org

Firehouse Subs Public Safety Foundation provides lifesaving equipment and needed resources to First Responders and public safety organizations, helping them to be better prepared to save lives in the communities they serve.

First Responders Children's Foundation - 1strcf.org

First Responders Children's Foundation provides financial support to children who have lost a parent in the line of duty as well as families enduring significant financial hardship due to tragic circumstances. The Foundation also supports, promotes, and facilitates educational activities and programs created and operated by first responder organizations whose purpose is to benefit children or the community at large.

The Gary Sinise Foundation - garysinisefoundation.org

The Gary Sinise Foundation serves our nation by honoring our defenders, veterans, first responders, their families, and those in need by creating and supporting unique programs designed to entertain, educate, inspire, strengthen, and build communities.

Please visit our website for more information on the FAST Cares Boards!
