

EASYLIGHT 2™ Cutting Rods PC/3824EZ-25

BROCO®

New from Broco®, the forced entry torch leader

EasyLight 2™ 24" Cutting Rods. Light From A 9V Battery Or Open Flame!

- Streamlines cutting operations; no need for a large battery, striker plate and associated cables
- Long burn time
- Lowest operating cost for enhanced ignition cutting rods
- No hazardous materials
- Standard or air shipping anywhere in the world

EasyLight 2™ cutting rods new patent pending design makes for an even faster ignition using a 9V battery, mechanical sparker or open flame.

Because it is a Broco rod, EasyLight 2™ yields unequaled performance in terms of burn time, length of cut per rod, evenness of burn, and minimal smoke.

EasyLight 2™ cutting rods are 3/8" diameter x 24" long resulting in a 1 minute 30 second burn time capable of making a 20" cut in 1" thick mild steel or 60" cut in 3/8" mild steel plate.

Oxygen consumption is approximately 10 cu ft/rod.

Also available:

Accessory 9V striker protects the 9V battery terminals from heat and flame extending battery life to achieve 50-60 rod lights/battery. Reduces the need for carrying additional batteries and saves money. Comes with a carrying pouch.
